2026 National Year of Reading

This week we have launched the National Year of Reading in school. It has been created to help children and adults in the UK enjoy reading more.

We are encouraging pupils to explore all kinds of stories, books, comics and magazines, and even audio books, with the theme 'Go All In'.

Throughout the year, schools, libraries, and communities will run fun events and challenges to help everyone find a type of reading they love.

We hope that you will support us by encouraging your child as they explore the new worlds that a love of reading and books can bring.
